More care must be taken about paid ads especially since
money is so tight, in last issue 2 ads were missed out
one for health watch..£7.50 and one for Newtown £5;
(monies are to be repaid to newtown)

Also chase up outstanding depts for ads, john will
check to see if RCU has paid.
Clive will bill rccwt for video ad

2 things in last rag;- a very out of date distribution
list was put on the front page, please check with guy
in future, and ~~#~~ an incorrect time was put down for
the editorial meeting, don't assume, check.

Mayday article and included graphic. There was a
discussion and there are 2 replys in this rag, one
from this meeting.

Most of the rest of the meeting was taken up
discussing , what we like to call content.
It was agreed that particularly at this time
when money is short, people who write very long articles
or articles that run for a number of issues should
be prepared to be contacted about editing. The RAG
needs the ~~\$\$\$\$\$\$\$\$~~ co-operation and understanding
of it's contributors. As a guide 300 words was suggested
as an optimum length for long articles(or about a coloumn)
It ~~aws~~ pointed out that each page costs about £15

There was also discussion about a reply to nicks &
piece about spiritulism in last issue. This has been
passed on to nick with the comment that theres probably
no more repressive religion than one that doesn't allow
other religious groups to meet in peace.

thats all folks except to say that we need co-ordinators
for rags on 8 and 22 june and 6 july.
next collective mtg 4.00pm sun 16 june ; 39 coventry rd

P.S. If you go to any gig or other function then have
a collection for the rag its a quick and easy way to
make a few quid for the best paper in the world.
